GROUT-FREE BATHROOM WALL PANELS

Bathroom Design

Bathroom Design panels with the STRAMA CLICK jointing system give bathroom walls an attractive, practical finish. The grout-free surface creates a seamless look, while click installation speeds up finishing work. The waterproof decorative layer resists scratching and abrasion, and is easy to clean and maintain. A choice of decors lets you give your bathroom an individual character. A solution for new bathrooms and refurbishments, including modular and timber-frame houses.
